

### **Mission Statement**

Spencer Public Library exists to enrich the quality of life of the community by providing informational, educational, and recreational resources in a comfortable setting. Library staff will enable the public to become more skillful users of information in a global society and provide lifelong learning opportunities.

### **Library Roles**

In order to accomplish this, the library will serve community needs by emphasizing the following roles:

Stimulate imagination and satisfy curiosity by providing popular reading, viewing, and listening resources for all ages within the library building and online.

Encourage local enterprises by providing entrepreneurial resources.

Affirm lifelong learning.

Inspire young readers by providing books and services.
